

Dear HIS member,

Activating access to the *Journal of Hospital Infection* online

You will need to register to access your electronic version of the Journal of Hospital Infection via a new site on Science Direct.

To activate access and to create your personal account, you will need your Elsevier Customer Reference Number. Your Customer Reference Number can be found on the mailing label of the paper issue of the Journal of Hospital Infection. The Customer Reference Number has to be entered at:

URL: <https://cs.sciencedirect.com/activate/jhin/members>

Note that “<https://>” MUST be entered for this URL – “<http://>” will not work. This is to ensure that your registration details are secured when you enter them into the registration form.

After entering, click on "submit". The next step is completing a user profile. You will be asked to fill out a form and choose a password. A username will be assigned. Both username and password will be case sensitive. After registration you can directly login with your new username and password.

Note - please do NOT use special characters, such as ö, ä, æ when entering your personal details into the profile form.

In the future you can go straight to: <http://www.sciencedirect.com/jhin> and enter your personal username and password in the login bar on the top of the page.

If you encounter any problems registering, please note that older browsers may not support SSL encryption, which is required for secure data transmission. Also, cookies must be enabled in your browser to support the registration process.

Should you require any assistance, please do not hesitate to contact the closest Customer Support department as follows:

Customers in **North, Central, and South America** should contact:

Telephone: 1-888-615-4500
