

Built Environment Infection Prevention Initiative (BEIPI)

Sponsor the Prospectus

1 About BEIPI

The Built Environment Infection Prevention Initiative (BEIPI) is a specialist interest group of the Healthcare Infection Society. Our purpose is to bring together infection prevention and control (IPC) specialists, designers, engineers, construction professionals and policymakers to reduce healthcare-associated infections (HCAIs) linked to the built environment and reduce the immediate threat of antimicrobial resistance (AMR).

2 The Prospectus

At the Healthcare Estates Conference October 2025, BEIPI will launch its Prospectus 'Building Infection Prevention into Hospital Design', a publication designed to influence national policy and drive best practice across healthcare estates. This document will set out the urgent changes needed in hospital design and construction to minimise infection risk and improve patient outcomes. Seven leading design and construction organisations are co-signatories of the prospectus: [Arup](#), [Currie & Brown](#), [Laing O'Rourke](#), [Introba](#), [Perkins&Will](#), [P + HS Architects](#) and [Sisk](#).

3 Why Sponsor?

Your sponsorship will directly support the production, dissemination and promotion of the Prospectus to government, NHS leaders and industry stakeholders. By partnering with BEIPI, your organisation will:

- Be seen as a leader in supporting safer healthcare environments.
- Gain visibility at the Healthcare Estates Conference and through BEIPI/HIS communication channels.
- Demonstrate corporate responsibility by contributing to a high-impact initiative that benefits patients and healthcare workers alike.

4 Sponsorship Opportunities

We are offering a limited number of sponsorship packages to industry partners who share our vision for safer healthcare infrastructure:

- **Lead Sponsor (£2,500)** - prominent branding on the publication front cover, launch materials and BEIPI communications.
- **Supporting Sponsor (£1,000)** - named and recognised within the publications inside cover.

5 Reach & Impact

- Launch at Healthcare Estates Conference 2025 with senior NHS Estates, IPC, and construction decision-makers.
- Distribution to UK government departments, New Hospitals Programme (NHP), NHS England (NHSE), devolved administrations and industry leaders.
- Extensive promotion via the Healthcare Infection Society's digital channels and networks.
