**24-25 June 2024**

# HIS Annual Conference 2024

Risk management in IPC:  
Assessing and addressing the  
routine and the rare

**Sponsorship and exhibition prospectus**

Woburn House Conference Centre, Bloomsbury, London

# Welcome

The Healthcare Infection Society (HIS) is the membership organisation for experts in the prevention and control of healthcare-associated infections (HCAIs) in the UK and beyond.

We are excited to introduce our first **two-day** annual conference, providing opportunities for interaction over two packed days in June to an audience of infection prevention professionals.

This is your chance to **connect with decision-makers** and future influencers in healthcare environments, **demonstrate your brand** as a leader and supporter of the IPC profession, and **learn about the issues and developments** affecting infection prevention and control.

Woburn House Conference Centre is located in the heart of Bloomsbury, 5-10 minutes' walk from London Kings Cross and Euston mainline stations, and 5 minutes' walk from Russell Square underground station

**20-24 Tavistock Square, London,  
WC1H 9HQ**

# Delegate feedback

From attendees at HIS 2023 events

‘Well organised  
excellent  
scientific forum,  
lovely organisers  
and speakers’  
Infection control nurse

‘Really great event,  
superbly organised and  
executed. I’ve learned a  
lot. Thank you’  
Consultant medical  
microbiologist

‘A fantastic day with  
great speakers, more  
of these please!!’  
Specialty trainee in infectious  
diseases

‘Very thought-  
provoking day with lots  
of new information  
provided’  
Consultant medical  
microbiologist

‘It was an excellent  
conference and one that we  
have fed back to our team’  
Infectious disease consultant

# Conference programme

The topic for our 2024 conference will be **'Risk management in IPC: Assessing and addressing the routine and the rare'**.

The full programme is currently under development, and will be available here: [bit.ly/hiscon24](https://bit.ly/hiscon24)

## Planned talks

- Risk and derogation of HTMs
- Advances in healthcare infection surveillance
- Wastewater surveillance in hospitals
- Role of patient screening in risk assessment
- Assessment of mould remediation in a healthcare setting following intensive flooding
- Managing infection risk from water in ICUs
- Remediation of bad ventilation in old estates
- Is there a role for routine screening of healthcare surfaces?
- Assessment of environmental surfaces during outbreaks
- Legal aspects of risk
- Universal mask wearing
- Practical aspects of sampling
- Balancing sustainability and cost

# Sponsored add-ons

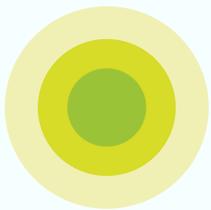

Only available with an exhibition package

## Industry sponsored lunchtime session

**£2,000 + VAT for one / £3,500 + VAT for two**

We are delighted to offer two 30-minute lunchtime slots (one on each day of the conference). This will be the **only** session taking place during the lunch break.

## Evening drinks reception | 5-7pm on day one

**£2,500 + VAT**

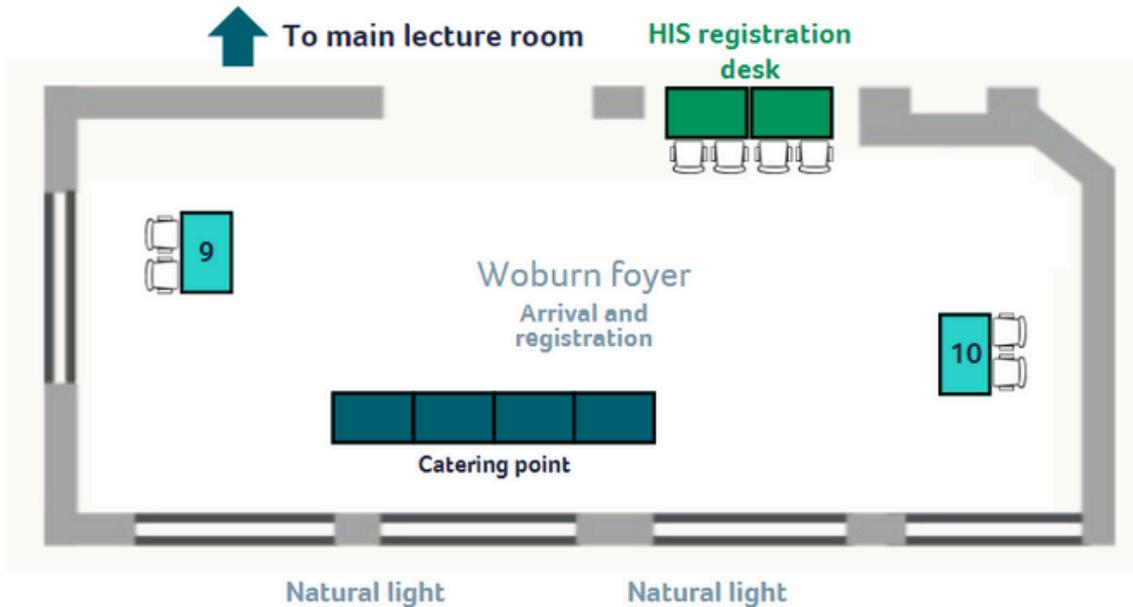

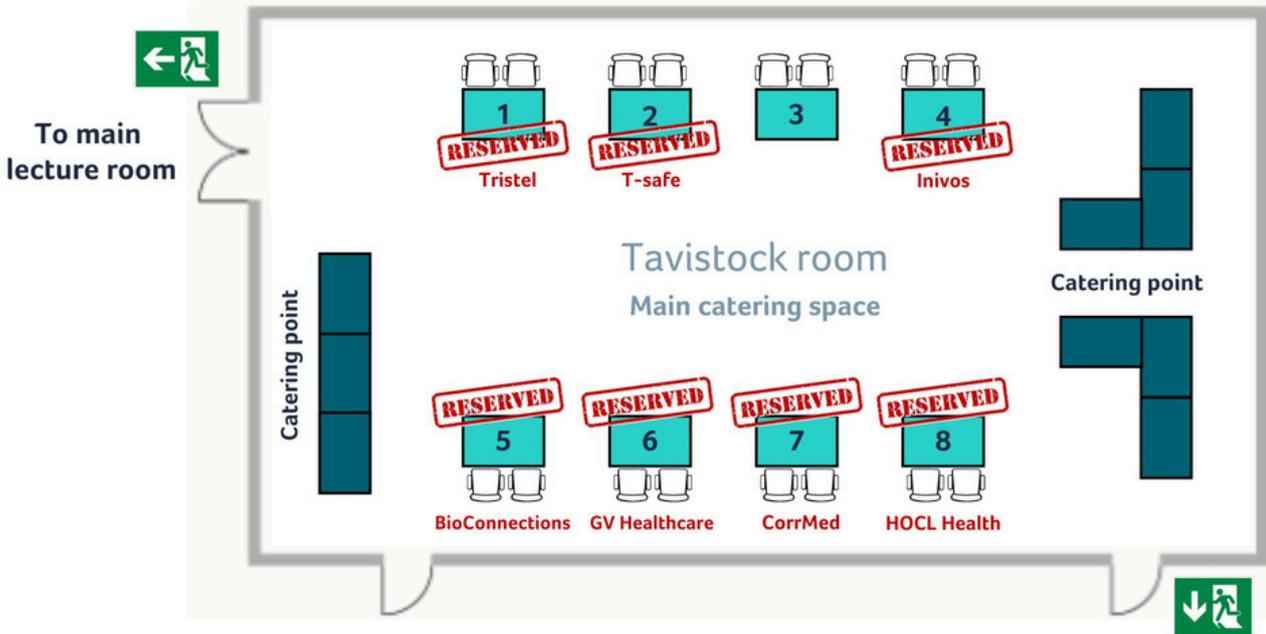

This exclusive sponsorship branding opportunity for your organisation will allow your exhibitors to network with conference attendees in an informal setting. The conference chair will thank you in their closing remarks for day one, and have the opportunity to place giveaways at the reception.

**Alcoholic and non-alcoholic drinks will be served.**

# Floorplans

The floorplan is not to scale and all exhibition stands will be 2m x 1m
